Since the two listening events in April the Strategy Project Team - made up of a partnership between Carers, The Carers Centre, Sth Glos Council & NHS Sth Glos - have been working hard on what carers told us about their needs.

We now want to share with you the plans we have put together for making these services and support a reality.

On September 8th we will be asking carers to decide a timescale for each of these to plans to happen.

Plans will also need to take account of the current economic climate therefore it may not be possible to fund everything. Your help is needed to decide what is the *most* important.

**We hope to see as many carers as possible on the 8th !
Please see over for how to book.**
